

## Connect Biopharma to Participate at the Jefferies Virtual China Biotech Summit

October 19, 2021

SAN DIEGO, CA and TAICANG, SUZHOU, China, Oct. 19, 2021 (GLOBE NEWSWIRE) -- Connect Biopharma Holdings Limited (Nasdaq: CNTB) ("Connect Biopharma" or the "Company"), a global clinical-stage biopharmaceutical company dedicated to improving the lives of patients with chronic inflammatory diseases through the development of therapies derived from T cell-driven research, today announced that Dr. Zheng Wei, Co-Founder & CEO, and Dr. Selwyn Ho, Chief Business Officer, will participate in a fireside chat at the Jefferies Virtual Healthcare Conference on Tuesday, October 26, 2021 at 1:00 pm ET.

A webcast of this fireside chat will be available on the Company's Investor Relations page accessible here: <https://investors.connectbiopharm.com/>. A replay will be available on the Company's website following the event.

### **About Connect Biopharma Holdings Limited**

Connect Biopharma Holdings Limited is a global clinical-stage biopharmaceutical company dedicated to improving the lives of patients living with chronic inflammatory diseases through the development of therapies derived from our T cell-driven research.

Our lead product candidate, CBP-201, is an antibody designed to target interleukin-4 receptor alpha (IL-4R $\alpha$ ) and is currently being evaluated in clinical trials for the treatment of atopic dermatitis (AD), Asthma and chronic rhinosinusitis with nasal polyps (CRSwNP). Our second lead product candidate is CBP-307, a modulator of a T cell receptor known as sphingosine 1-phosphate receptor 1 (S1P1) that is in clinical trials for ulcerative colitis (UC) and Crohn's disease (CD). Furthermore, we have started the clinical development of CBP-174, a peripherally restricted antagonist of histamine receptor 3, for the treatment of pruritus associated with AD.

With headquarters in China, additional operations in the United States and Australia, and clinical development activities in those geographies as well as Europe, Connect Biopharma is building a rich global pipeline of internally designed, wholly owned small molecules and antibodies targeting several aspects of T cell biology. For additional information about Connect Biopharma, please visit our website at [www.connectbiopharm.com](http://www.connectbiopharm.com).
